

# Shopping on Top Notch's E-Store

There are several ways search for products and add an item to your shopping cart.

## Quick Search

The quick search tool is an easy way to quickly search for items and it is conveniently available throughout the site in the header. Here you can type in part numbers and various descriptive information about the products you are looking for. The search will narrow down and show you matching results as you type. The more relevant information you type the more accurate the results.

If you are logged into the E-Store you will see a link to "Add to Cart", clicking this link will quickly add this item to your cart.

The quick search will return the first 50 matching results to view more matching results scroll to the bottom of the results and click view more results.

# Shop Section

Clicking the Shop link in the navigation bar will take you to the main shopping page. Here you can perform a detailed search by category, manufacturers, and details. You must start a search by choosing an application, manufacturer or category.

When you first visit this page you will land on the product categories page, where you can select a category or choose the filter on the left to search by application, manufacturer or category.
